Mar 4-6, 2025	African Energy Indaba
	Location Cape Town International Convention Center, Sou Africa
	Sponsor African Energy Indaba
	Contact Liz Hart
	Description Although access to modern energy in African countries is increasing, the lack of access to energy in the continent is a perennial problem, with around 615 million people without access to energy, and 730 million reliant on biomass for their energy needs. Africa's population is projected to grow from 1 billion to 1.8 billion. Africa is the continent of opportunity for the serious energy investor. With vast natural energy resources ranging from coal, oil, gas, hydro, solar, wind and geothermal, there is ample choice for the discerning energy entrepreneur. The business opportunity linked to developing Africa's energy infrastructure and the electrification of the continent will be a key focus of the Africa Energy Indaba.
