

# UxC Subscriber Services

In 1998, UxC released its initial **Subscriber Services** web site. This site is currently provided as part of the services to subscribers of the *Ux Weekly* and other UxC products or services.

A number of Internet services are provided to subscribers of UxC products and services. Except for the access request form, **all pages are password protected**. In order to access these services, each **paid subscriber** can request a user ID and password. Please contact Eric Webb for details.

UxC reserves the right to deny or terminate access to its Subscriber Services website based on its own internal policies.

A form has been provided to allow current paid UxC subscribers to request a User ID and Password to access the Subscribers Services site. If you already have your User ID and Password, you can log on now!

## Ux Price Indicators\*

UxC's Price Indicator Reporting is provided as a subscription service to its clients. Any information provided on this website is done so as a convenience to the public.

\*Please note that Ux Prices are **delayed** on the public website by up to 72 hours and now require a free UxC Account to view. Price updates are provided to *Ux Weekly* subscribers on Monday evenings and to UxC Account users after a delay of up to 72 hours. This delay is currently set to 24 hours (Delayed-24). An extensive version of Headline News is updated daily.

Please note that UxC also publishes month-end **long-term prices** for **uranium, conversion, and enrichment**. These prices are available on UxC's Subscriber Services website.

UxC reserves the right to change this policy without notification.
